

DRI Tech Corp. Earns 2013 Firestone Partner in Quality Roofing Award

North Las Vegas, Nev. – Firestone Building Products Company, LLC, recently presented DRI Tech Corp., formerly Stout Roofing Inc., of North Las Vegas with the 2013 Partner in Quality award for roofing excellence. The company is one of only 207 Firestone Red Shield® licensed contractors throughout North America that were honored with this industry distinction.

“DRI Tech Corp. exemplified a strong commitment to roofing installation excellence,” said Tim Dunn, president of Firestone Building Products. “The quality execution and roofing expertise our licensed contractors demonstrate are among the best in the industry, and we are honored to recognize DRI Tech Corp. with this year’s Partner in Quality award.”

Firestone presents the annual Partner in Quality award to contractors throughout the United States, Canada and Mexico that meet its high building standards, which includes the installation of a minimum of four warranted Firestone roofs in each of the past five years; maintaining at least one million square feet of Firestone roofs under warranty; and achieving an annual Quality Incidence Rating (QIR) of 2.0 or less. The Firestone QIR measures each contractor’s quality performance based on warranty repair incidences per million square feet under warranty.

For additional information regarding DRI Tech Corp.’s roofing services, please contact Blaine DeBrouwer at 702-220-3401 or via email at blaine@dritechcorp.com. You may also visit the DRI Tech Corp. website at www.DRITechCorp.com.

About Firestone Building Products Company

Firestone Building Products Company, LLC, is a leading manufacturer and supplier of a comprehensive “Roots to Rooftops” portfolio of products for commercial building performance solutions. By taking the entire building envelope into consideration, Firestone tailors solutions to individual customer and project needs for roofing, wall and specialty product systems. Headquartered in Indianapolis, Ind., the company also offers outstanding technical services, an international network of roofing contractors, distributors and field sales representatives, and superior warranty protection. Products include: commercial roofing systems, roofing accessories, green roofing systems, photovoltaic and daylighting systems, vegetative roofing systems, metal wall panels, insulation, cavity wall construction, pond liners and geomembranes and stormwater management solutions.
